

**WORD OF TRUTH**  
WORLD TV EVANGELISM

From 2012 to the middle of 2015, prior to the upgrade to satellite, it was estimated that our TV program has 100 million viewers within the confines of India. Last year on the satellite capabilities were tested and tried for a few months and finally our program went on air through satellite on December 3<sup>rd</sup> 2015 for the first time.

Since then the TV channel claims to have a coverage depicted in the above photo of "C-Band Landmass Beam." We continued to use satellite capabilities for our TV program in furthering the Gospel. Our viewership has skyrocketed from 100 million in the past literally to billions of population currently. In July 2016, we tried a live call-in session for an hour and we received calls from various countries in the world. As of today, we have contacts in many countries around the world that we are trying to follow up. Contacts in countries outside India are from Sri Lanka; Singapore; Bangladesh; Pakistan; Malaysia; Australia; New Zealand; Many middle-eastern countries; African countries etc.

My Dad and I are primarily preaching through this avenue of outreach but there are many who are involved in making this a great success in reaching out and bringing many thousands of souls to the salvation that is available only in our Lord Jesus. Our lessons are presented in English and local Indian languages due to our extended viewership in and outside India.

### **AN EXAMPLE OF SUCCESS**

Here is an example of the success that the Lord has blessed this TV evangelism.

The man holding the boy was the preacher of an independent Pentecostal church and he was the first to be converted after watching our TV program for several months. He in turn baptized 25 of his members. They have a church building and simply changed the name to church of Christ. This is just one example of the good that is being done in the Kingdom of our Lord.

### **THE RIGOROUS FOLLOW UP**

The follow up of all the contacts we are generating through is a massive effort in and itself. If the contacts are in areas where there are churches of Christ, we are putting them in touch with the church there. If the contacts are in areas where there are no churches of Christ, our Preacher Training program students are engaged in the follow up process. If these contacts are within reasonable traveling distances, we travel to study with them and do everything to bring them to the knowledge of the Truth. Recently a group of our students traveled 7 hours on a weekend to follow up on a family who were interested in studying the Bible. In case of those outside of India and without any churches of Christ around them, we are still in the process of exploring every possibility to keep the doors open. We would welcome any thoughts in this regard.

### **WAYS TO HELP**

1. Cost per month is \$ 7,000.00
2. Need travel expenses for follow up on contacts within India
3. Need printed material – Bibles, tracts, booklets for our contacts
