# NASHVILLE MINISTRY

#### **NASHVILLE INNER CITY MINISTRY EVENTS**

#### **Catfish Dinner**

Each year, people from all over Middle Tennessee gather to raise support for the summer leadership development programs of Nashville Inner City Ministry. Thousands of people enjoy the great food and fellowship while raising money to send at-risk youth from our inner city communities to camp, provide interns to mentor and support them, and fund other summer activities.

## **Conquerors Teen Program**

The Conquerors program is designed to reach out to teens by:

- Providing instruction in basic life skills
- Establishing Developmental Assets in personal life
- Encouraging completion of high school
- Equipping to seek meaningful employment
- Engaging in appropriate conflict resolution
- Developing proper respect for God, self, family, community, and authority
- Participating in wholesome recreational and social activities
- Employing young people with leadership skills as interns

## **Learning Centers**

Each year from September through May, approximately 800 children are transported EACH WEEK to learning centers in Nashville. These learning centers are provided by more than 20 churches citywide. On Monday nights, buses and vans go into South Nashville. On Tuesday nights, these vehicles go into East Nashville.

- Group one is ages 3-6
- Group two is ages 7 to 9
- Group three is ages 10 to 13

### **BUS TEAMS**

Reliable transportation is no longer a luxury but has become a necessity. When our Ministry began we realized this limitation facing our inner-city community. We knew it did not matter how many teachers we had or how good our program was if we didn't have an audience. Our fleet of 59 buses, vans and support vehicles driven by commercially licensed volunteer drivers and staffed by caring volunteers provide a safe, fun and encouraging vehicle for providing hope.

### **Conquerors Luncheon**

The Conquerors Luncheon is the primary funding source for the Conquerors Teen Program. This luncheon brings together about 1000 local business leaders who invest their money, products, staff and time in the lives and development of our city's teens.
