

Freedom
PRAYER
at Brentwood Hills

No matter where you are on your journey, there are things that shake what we believe about ourselves and God. Sometimes these things are small but make a large impact slowly over time. Often, these things are big and immediately cause great pain and wounding. Most of us at some point have struggled with getting close to God and really receiving his grace – because sin, patterns and pain have blocked the way.

Freedom Prayer is a ministry that exists to help with the process of removing everything that keeps us from God. It is a safe and confidential time of prayer with a few trained team members, who are devoted to praying with those who feel blocked on their journey with God or who simply want to know Him more. It is a biblically-based personal prayer ministry with the goal of reconciliation and restoration, dependant on the Lord's leading and His heart for a deep loving relationship with His children.

PRAYER
at Brentwood Hills

We, the Freedom Prayer team, gather to pray with people at multiple times and locations throughout the week. We believe that abiding in community in a place of prayer is one of the hallmark purposes of the Church and a normal part of the Christian walk. Often, it is the Freedom Prayer time that promotes a lifestyle of continued communion with God that is free and fulfilling. Regardless of where you are in your relationship with the Lord, we believe you will benefit from Freedom Prayer.
